

Scholarships for CNCC Hot Rod and High Performance

Learn how to work on your Hot Rod – Muscle Car or Classic

The primary goal of the fund is to assist students who have demonstrated the desire and determination to educate and better their knowledge and skills that will enable them to pursue the sport and building of Hot Rods, Muscle Cars and Classics.

This application is open to the public as well as CNCC Students and Colorado Cruisers Club Members.

The applicant must complete the course for which the scholarship is being offered.

Applicants will also be judged based on a one page essay outlining why they desire to take the courses available, what project vehicle they plan to restore if they have one, what their favorite classic, antique or muscle car is and how they plan to put this training to use in their future.

Race, religion, age, ethnicity, physical or mental handicap, or sexual preference will not be considerations for or against eligibility for a scholarship.

The deadline for applying for this scholarship is May 19th.

Applications are available at CNCC or through KRAI at KRAI.COM

Turn applications in to Dave May either electronically or by mail.

Classes will be held in 2 sections, offered at \$125.00 each, Section 1, starting May 20th through June 10th and Section 2, June 17th through July 15th on Tuesdays from 6:00-9:30.
